

# Roll Up Banners

## Sizing for Roll Ups

1. Always add an additional 50mm of bleed to the bottom of your design.
2. Always keep important artwork (eg. text) 50mm away from the top.
3. Roll Ups are printed at a minimum of 150dpi at full size. It is your responsibility to check all resolutions before uploading your artwork.

Example:

Important artwork away from top (minimum 50mm below the top)

2000mm high  
+ additional 50mm  
bleed at the bottom.

Additional 50mm bleed

Roller banners are either 800mm or 1000mm wide.
